

Mohammad Zeineldeen

+49 16 31638286 • mohammadzed5@gmail.com • mmz33.github.io
Date of Birth: 18 Nov. 1995

Education

RWTH Aachen University

Ph.D. in Computer Science

Aachen, Germany

Winter 2020 - Current

RWTH Aachen University

Masters in Software Systems Engineering

Master thesis: Layer Normalization Variants and Multiplicative LSTMs

Grade: 1.4/1.0 (very good)

Aachen, Germany

Winter 2017 - Winter 2019

American University of Beirut

Bachelor of Science in Computer Science awarded with Distinction

Grade: 3.7/4.0

Beirut, Lebanon

Fall 2014 - Spring 2017

Research Interests

recurrent networks, LSTMs, end-to-end models, neural attention models, automatic speech recognition (ASR), acoustic modeling, streaming ASR

Publications

Please check my Google Scholar page: <https://scholar.google.com/citations?user=iFRueeoAAAAJ&hl=en>

Experience

Speech Scientist - AppTek GmbH · Part-time

- Building and improving robust automatic speech recognition systems for different natural languages
- Building language models

Aachen, Germany

Jan. 2020 - Current

Graduate Teaching Assistant - RWTH Aachen University

- Supervising seminar topics in computer science for Bachelor and Master students
- Supervising students for research and thesis work

Aachen, Germany

April 2020 - Current

Student Research Assistant - ASR team at RWTH Aachen

- Implemented various layer normalized LSTM variants using TensorFlow
- Investigated Multiplicative LSTMs
- Built both hybrid and encoder-decoder attention frameworks for ASR acoustic modeling
- Built neural language models with word/BPE output labels

Aachen, Germany

July 2018 - Dec. 2019

Software Developer at InteractiveLife

- Development and maintenance of an Android SDK
- Refactored the code base network framework to use Google's Volley library
- Automated the process of creating apps (connected to web API to specify the content like design, colors, etc) and uploading apks to the store

Beirut, Lebanon

June 2018 - Sept. 2018

Future Developer Summer Camp - AUB

Participated as a main instructor in preparing the slides for a beginner Android course and teaching it for school students

Beirut, Lebanon

July 2018

Projects

Imgs

Imgs is an android mobile image search app that uses Deep Learning to allow users to search for images related to a specified english query in their gallery

Beirut, Lebanon

Feb. 2017 - May 2017

Deep Learning Related Code

Source Code: <https://mmz33.github.io/code/>

CustomVolleyRequester

A library, based on Google's Volley library, that makes android HTTP requests easier and requires no boiler plate code that volley usually needs
Source Code: <https://github.com/mmz33/CustomVolleyRequester>

Beirut, Lebanon
2017

HopIn

Developed an Android carpooling application on a team for a Software Engineering course
Source Code: <https://github.com/mmz33/HopIn>

Beirut, Lebanon
Feb. 2016 - May 2016

Scholarships and Certificates

USAID Scholarship

Awarded full scholarship to study BSc. in Computer Science at the American University of Beirut

Beirut, Lebanon
Fall 2013 - Spring 2017

ACM - Lebanese Collegiate Programming Contest (LCPC)

Won the 1st place (Team: 1729)

Beirut, Lebanon
2016

American University of Beirut

Placed three times on the Dean's Honor List

Beirut, Lebanon
Fall 2014 - Spring 2017

Darwazah Student Innovation Contest

Won 1st runner up award in 2017 Darwazah Student Innovation Contest.
The idea was to compute the number of calories of food given as input an image using Deep Learning.

Beirut, Lebanon
March 2017 - May 2017

Computer Skills

Basic Knowledge: CUDA, C, Postgresql, Html, Bootstrap

Intermediate Knowledge: C++11, Java, Python, TensorFlow, Android Development, L^AT_EX, Git, SQL, Vim, Bash

Volunteering

AUB - Center of Civic Engagement and Community Service (CCECS)

- o Implemented a community based project under the theme of using "Art therapy" to tackle the increase of negative coping mechanisms among children in poor neighbourhoods in Beirut and its surroundings
- o Volunteered in teaching Palestinian students math skills for the SAT exams at AUB
- o Participated in sorting clothes to be delivered to Syrian refugees
- o Worked with D-RASSATI program in collecting data from Lebanese official schools in order to integrate technology in the educational field
- o Volunteered with Nasma organization in helping students that have disabilities with their school studies

Beirut, Lebanon
Fall 2013 - Spring 2017

Languages

English: Fluent
German: Fair (Level A)
Arabic: Native
